Multimodal Food Computing

CALL FOR PAPERS

1st International Workshop on Multimodal Food Computing (MMFood'25)

at the 33rd ACM International Conference on Multimedia (ACMMM25)

TOPICS OF INTEREST

1. Personalized food recommendation using multimodal data
2. AI-based nutrition assessment
3. Generative AI methods for Food Computing
4. AI for food safety and food security applications
5. AI for dietetics and nutrigenetics
6. Benchmarks and evaluation metrics for food computing applications
7. AR / VR for food recommendation and personalized healthcare
8. AI for preserving community food culture
9. Ethics of food computing
10. Integrative food practices – balancing the Traditional and Modern
11. Ontology and knowledge graph for food
12. Food and recipe data sets
13. Food logging and related topics to track food consumption
14. Supervised and unsupervised food recognition
15. Standards on digital food and nutrition
16. Innovative sensors for food consumption and dietary assessment and more...

EXPRESSO YOUR INTEREST!

IMPORTANT DATES

11TH JUL., 2025
Paper submission deadline

1ST AUG., 2025
Acceptance notification

11TH AUG., 2025
Camera-ready paper submission deadline

27/28TH OCT., 2025
MMFood'25 Workshop
📍 DUBLIN, IRELAND

AGENDA

1. Keynote Talk
2. Panel Discussion
3. Technical Paper Presentation
4. Poster Paper Presentation
5. Hackathon

Organized by

10 YEARS OF EXCELLENCE — ASHOKA UNIVERSITY
